A Rank Fizzle.

In writing up the alleged lecture given by F. F. DeLong to a small crowd at the Auditorium last evening, we are puzzled to know just how to treat such a discourse, and the speaker who delivered it. Young DeLong is, by his own statement, "twenty-eight years old, girls," and hails from Bellefontaine. His so-called lecture consisted of disconnected jumbles in the way of attack upon the Catholic church and local press and in attempts at sensationalism, all serving as a prelude to a sale of books, upon which, we presume, he makes a good profit. Indeed, it seems that he is a platform book agent more than a lecturer. As an orator, he possesses few of the qualifications outside of good vocal organs, and we wonder at this fact since in speaking of himself, he stated that at the time of the Spanish-American war he wished to join the army to go to the Philippines, but was unable to do so because an attack of measles had settled upon his lungs. He would to that class of orators who would do better shoveling dirt, and if he did but realize that fact he could get a job right here in Marietta. His attacks upon Catholic church are so weak that that institution need have no fear from the utterances of his unbridled tongue. There is one thing, however, with which he should be given credit, and that is an unlimited amount of bookagent's nerve.

New Steamer To Be Built.

With the first stroke of the hammer on Monday morning the work on a new steamer for Captain Green, the owner of the Greenwood, will be commenced. The new boat, it is said, will be a low water boat and will probably be used in the place of the Greenwood when the water is at such a point that the latter is forced to lay up. The dimensions of the new boat are: 120 feet long, 20 feet wide and 18 feet deep. Her name has not yet been suggested, but it is thought that it will be christened the "Gordon Green" after the owner. Her cost will be close in the neighborhood of \$3,500, and when completed she will be one of the prettiest little steamers on the river. It will be remembered that the Greenwood was built here by the Parkersburg Dock Company a few years ago.

Beginning with next Monday morning the wages of the force of the Parkersburg Dock Company will be raised 25 cents per day per man, no matter what his position with the company may be. Without exception every man in the employ of the company will receive that raise, and the men greatly appreciate the consideration shown them by their employers. The men were allowed to lay off today for a short vacation lasting over Sunday, when a new contract will be begun by the company for Capt. Gordon Green. —Journal.

Death of Horace Mathews, a Former Marietta Boy.

Horace N. Mathews, for several years paying teller in the Consolidated National Bank and later occupying the same position with the Merchant's National Bank, succumbed last night at his residence, Nineteenth and F streets, to an illness which had made helpless for the past one and a half years. Two years ago he was stricken with brain trouble and his illness baffled the skill of the best physicians. Throughout all his years of sickness his wife and mother were his constant companions, whose care did much to cheer the suffering invalid. Besides the widow, his three-year-old son and mother and brother Edgar survive him. Mr. Mathews had been a resident of this city for the past thirteen years and was born in Marietta, O., thirty-two years ago. During his residence here he enjoyed the confidence and esteem of a large number of friends. The funeral services will be held Sunday afternoon at 2 o'clock, in the Elk's hall, and interment will be made under the auspices of the lodge of Elks and Miramar camp, Woodmen of the World.—San Diego Tribune, March 30th.

Oil Property Sold.

At the front door of the Court House Saturday at 1 o'clock, Sheriff McCallister disposed of the Levi Hall lease near Warner, this county, by order of Court. The property was purchased by A. L. Johnson, of this city, and the price paid was \$5,500. There are fourteen wells on the lease which are producing at a fair rate.

Disorderly Conduct.

Douglas Johnson was run in last night by Officer Coffman for conducting himself in a loud and boisterous manner, and making himself generally obnoxious to several neighborhoods on the West Side. The young man will appear before His Honor Mayor Sykes tomorrow morning.

Runaway.

The horse belonging to Mr. J. Gorell, the grocer, made an exciting run yesterday afternoon, but did little or no damage to himself or vehicle. The animal started at Schramm's market, on Front street, ran up Front to Putnam, then to Second and down Second to the railroad yards, where it was stopped.

PONTOON BRIDGE

Ready to be Opened to the Public Today.

Work on the pontoon bridge has been rapidly pushed the past two days and the structure is about completed. The east side landing is on the ice harbor lot and the west side just below the abutment of the old bridge. It is expected that the bridge will be opened to the public today and much of the trouble and inconvenience of getting across the river will be a thing of the past. The old ferry boat will be kept here, however, ready to operate in case of accident to the pontoon bridge or at other times when it is impossible to cross there.

Reserved seats for Hall Caine's powerful play "The Christian" will be on sale at Gates' book store tomorrow (Monday) morning.

Chicago Board of Trade, 12 o'clock.—While the board was in usual session, it bore a holiday aspect and the pits were all dull and uninteresting.

Quite a little wheat was unloaded at the open, and there being not much inquiry from Liverpool owing to the Easter holiday, the market was not sustained, consequently May wheat open half cent lower at 66 cents, but it recovered three-eighths of a cent after an hour's trading.

Corn was the firmer of all grain, advancing half a cent. Oats were steady and unchanged. Pork advanced 20 @ 25 cents to \$13.00. Lard and ribs advancing 2 1/2 cents. Closing prices were dull, but firm at the highest figures. May wheat closed 66 1/2, July 67 1/2.

Cat lots for two days: Wheat, 117; corn, 79 1/2; oats, 37 1/2; hogs, 12.00.

Communicated.

Marietta O., April 14, 1900.

Dear Sir:—The undersigned, a committee appointed by the Board of Trade to find purchasers for 50 lots in East Marietta Addition for the purpose of inducing the location of the Darby Furniture Co. in Marietta, take this method of presenting this matter to you. The Darby Furniture Co. is now located at Conneautville, Pa., and has a large and successful business; should this company come to Marietta it will obligate itself to expend at least \$25,000 in a plant, employ at least 50 men and have a pay roll of at least \$500 per week.

The lots offered for sale are south of the Newport Turnpike and just east of the city limits; they have a frontage of 40 feet and have a depth of 100 feet to an alley. They are offered for sale at a uniform price of \$200, and are rapidly increasing in value.

Should any purchaser build a house upon his lot it could be rented to return from 10 to 12 per cent per annum upon the investment. The committee will be glad to meet anyone looking for a good investment in real estate. Buy a lot!

The readers of this paper will be pleased to learn that there is at least one dreaded disease that science has been able to cure in all its stages, and that is Catarrh. Hall's Catarrh Cure is the only positive cure known to the medical fraternity. Catarrh being a constitutional disease requires a constitutional treatment. Hall's Catarrh Cure is taken internally, acting directly upon the blood and mucous surfaces of the system, thereby destroying the foundation of the disease, and giving the patient strength by building up the constitution and assisting nature in doing its work. The proprietors have so much faith in its curative powers, that they offer One Hundred Dollars for any case that it fails to cure. Send for list of testimonials. Address **F. J. "The Jewels of Hope." Is there any sadder or more pathetic spectacle in this world than that of the poor woman weighed down with wretchedness and suffering who is at last convinced in her very soul that there is no more hope of healthy happiness on this earth? Or is there on the other hand any more delightful and inspiring picture than that of the same woman when the spirit of renewed life comes to her again and holds up before her the jewels of hope, and the regal garments of rejuvenated health and happy complete womanhood?

I had been a sufferer for more than one year with severe depressing pains in my stomach, says Mrs. Annie L. Mathews, a lady living at 12 Broadway, New York. I had tried all the doctors and different kinds of medicines but all failed to do me any good. I commenced to take Dr. Pierce's Favorite Prescription and also his 'Pellies,' and had only taken one bottle when I felt much better. When I had taken four I felt entirely well. I continued to take it and to day I am in every way a well woman, and I have found that this is the only medicine that all women who suffer with any woman trouble (I would recommend this medicine. I thank the Lord that such doctors as Dr. Pierce was here.)
